

Daily Home Screening for Students

Parents: Please complete this short check each morning.

If your child has a fever above 100 degrees, or answered “yes” to any of the following questions, your child should not come to school.

SECTION 1: Symptoms

If your child has any of the following symptoms, that indicates a possible illness that may decrease the student’s ability to learn and also put them at risk for spreading illness to others.

<input type="checkbox"/>	Temperature 100 degrees Fahrenheit or higher
<input type="checkbox"/>	Sore throat
<input type="checkbox"/>	New uncontrolled cough that causes difficulty breathing <i>(for students with chronic allergic/asthmatic cough, a change in their cough from baseline)</i>
<input type="checkbox"/>	Diarrhea, vomiting, or abdominal pain
<input type="checkbox"/>	New onset of severe headache, especially with a fever

SECTION 2: Close Contact/Potential Exposure

If your child has any of the following symptoms, that indicates a possible illness that may decrease the student’s ability to learn and also put them at risk for spreading illness to others. Please check your child for these symptoms:

<input type="checkbox"/>	Close contact with a person confirmed with COVID-19 <i>(within 6 feet of an infected person for at least 15 minutes)</i>
<input type="checkbox"/>	Traveled to an area where the state health department is reporting large numbers of COVID-19 cases
