

Referral Credit

for Faith Heritage K-12 Families
2021 - 2022

We believe that existing school families are essential partners in growing Faith Heritage School by introducing other families to Christian education.

Plan: Currently enrolled families are eligible to receive a \$300 tuition credit when they are responsible for introducing a new family to Faith Heritage School that eventually follows through to the point of application and enrollment of their child(ren).

Purpose: The purpose of this credit is to promote the school and provide tuition credit incentive opportunities for existing families.

Eligible Families Include: Currently enrolled families of Faith Heritage School students in grades K- 12

Tuition Credit Application Method: To receive the \$300 tuition credit the existing family must fill out an application form (below) indicating the name of the family that enrolled and have a parent of the new family sign the application. This is a *one-time only* tuition credit awarded to the new family attending FHS. There is no limit to the number of tuition credits an existing family can receive – one credit is awarded for every new family successfully introduced to the school.

Effective Date: Credits will be applied to the eligible (introducing) family's tuition account on February 1st of the school year in which the new family has enrolled.

Conditions for Eligibility:

- Introduced family must apply, enroll, and remain at FHS until at least February 1st.
- The tuition credit is not transferable to other families.
- The introduced family must not have had children previously enrolled at Faith Heritage.
- This credit is not retroactive to previous school years.

Faith Heritage School Referral Credit Application

Your Name (Introducing Family) _____

Date _____

School Year _____

Statement of Referral:

Introduced (New) Family Name _____

Signature of Introduced (New) Family Parent _____

My signature indicates that the above family introduced me to Faith Heritage School.
