

Athletics Protocols

Winter 2021-22

These guidelines refer to Winter Athletics, 2021. Faith Heritage will participate in the following:

- Boys Basketball
- Girls Volleyball
- Indoor Track

General Athletic Protocols

- Face coverings are to be worn by athletes, coaches, staff at all times. Athletes should not have any personal agendas or messages written/printed on their mask. School logos are acceptable.
- Each athlete should bring their own container of water. There are two touchless water refilling stations in the Activity Center. One in the gym, and the other near the restrooms in the lobby.
- Locker Rooms will be utilized by athletes. Masks are to remain on while in the locker room and at all times.

Fans return to the Stands...

We are excited to allow fans at our athletic games to begin this winter season. We will begin with no limit on attendance, anticipating enough space for people to maintain social distance. Should our crowds become too large, or if it is determined that fans are not properly adhering to the masking guidelines we may have to revisit this plan.

- All fans must wear masks at all times.
- Fans from different households should maintain social distance from other fans.
- No food or drink is to be consumed in the gymnasium.
- JV and Varsity games will be live streamed on the Faith Heritage YouTube page.

Indoor Track home meets will be at the SRC Arena at OCC. Fans are to follow whatever protocols are posted by that facility.
